

Business Anywhere.

CENTURY II

The Century II offers two completely private and self-contained restrooms. Both are built with an attractive and sanitary white interior and feature solid surface counter tops, durable one piece non-skid rubber flooring, china toilet, and all the amenities of home while still being easy to clean.

The 370 gallon holding tank is made from 3/8" polyethylene and resists solvents, acids, and other cleaners. With an average capacity of 1100 plus flushes, it's perfectly designed for small to mid sized events. Our crank down stabilizer leveling jacks and fold down aluminum platform with steps make set up and tear down fast and easy.
